DRUG STORE IN NEW HANDS

E. R. Coleman Becomes Owner of
The Penny Drug Store, One of
Oldest Establishments Here.

By the sale of the Penny Drug Store in Stanford to Earl R. Coleman which was consummated early this week, this old and well known establishment passes out of the hands of the Penny family, which had operated it for almost half a century. It was established about 40 years ago by the firm of Chenault & Penny the latter member of that firm being the late Dr. A. R. Penny. Upon his death it passed to his widow, Mrs. Mary Penny, and has been under the management of her son, George L. Penny, for about 15 years. It is one of the best known drug stores in this part of Kentucky, and has always been maintained at an exceptionally high standard.

Mr. Coleman, the new proprietor has been pharmacist in the Penny store for a number of years. He is one of the best known and finest young business men in this section, and starts upon his new work as proprietor under auspicious circumstances. He is the eldest son of Mr. and Mrs. C. R. Coleman, and is identified in every way with the business and social life of this section. A host of friends will wish him much success.

A couple of expert drug men from the Peter-Neat-Richardson drug house of Louisville, were here late last week and made invoice of the store. They completed their work the first of the week and the business was formally turned over to the new proprietor, who plans to conduct the establishment along the most modern and business-like lines. Mr. Coleman is a registered pharmacist and will give especially careful attention, he says, to this branch of his business. He will continue to operate the establishment under the old name for some time.

MAT MARTIN BUYS OUT JONES.

Mat Martin, a well known young business man of Rowland last week bought out the Jones restaurant and soft drink stand on Depot street and has taken possession. Mr. Martin has many friends who wish him much success in his new venture. John H. Jones, who has been in active charge of the establishment, has been in poor health for some time, his friends are sorry to know.

BOY CAMPERS BACK.

Col. George P. Bright with his tent of boys who spent about 10 days at Camp Daniel Boone, on the Kentucky river, returned Monday afternoon. The boys were M. S. Baughman, Jr., Chris Camenisch, Pat Tanner, Ross Nunnally, Will Reinhart, James Bailey, John Reid McKinney, Will Bryant, Wm. Tate, Lynn Pence, Sam Craig, Earl Bryan, Mike McCarty and Fred McCarty. All returned safe and sound, some without hardly "getting their feet wet." There were about 64 boys at this Y. M. C. A. camp during that period, and they came from various points, Frankfort, Shelbyville, Carlisle and Flemingsburg in Kentucky and one or two from California and Louisiana. Stanford furnished the dominating "bunch" of the camp which was divided into two "factions," the "Bulldogs," and the "Too-Tough-To-Tackle" crowd, Stanford boys leading both sides. In baseball the local boys played against all the rest of the camp and of course came out on top as well as in tennis, track and water events and other contests. Each night a big camp fire was lit for the boys to sit around and tell stories and during this time Col. Bright favored the congregations with many interesting stories concerning his days in the Civil War under Forest. Much praise is due Mr. Bright for the interest he showed in the boys and they all feel that they had a better time on account of his presence, as well as Mr. Bryan's. Several hikes were taken through the neighboring woods and beautiful scenery along the Kentucky River and all the boys came back feeling greatly benefited by their trip and next year it is hoped that an extra large crowd may be gotten together for this recreation.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the County of Casey, to be held at McKinney, on August 12, 1916, to fill the position of rural carrier at Dunnville, and vacancies that may later occur on rural routes from other post offices in that county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements. The form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date. The examination will be held in the Public School building at McKinney.

DANVILLE COURT.

A very small crowd attended Danville court yesterday and business in all lines was dull. The farmers are busy and could not leave their work to mingle with the court day "regulars." Oatts & Robinson had a bunch of yearlings on the market but had not disposed of them at a late hour. A mountain sheep raiser brought up 140 ewes which sold at public auction at \$7.20 to \$7.60. Several milk cows changed hands at \$40 to \$65. Peel, of Jessamine, was on hand and picked up several army horses at \$98.50 to \$105. Neither of the Congressional candidates was present and politics was about as quiet as business was. A heavy rain fell in the afternoon, accompanied by a severe wind, which blew down many shade trees and did other damage in and around Danville.

METCALF TO TAKE STAND

A dispatch from Noblesville, Ind., this week said: R. H. Metcalf, of Paint Lick, Ky., on trial here, charged with having accepted a check for \$6,700 while President of the Farmers and Merchants' Bank of Cicero when, it is alleged, he knew the institution to be insolvent, will go on the stand this week in his own behalf, the attorney announced. "I am going to hear close to the line, let the chips fall where they may," the defendant said. "I am going to tell the truth. I won't attempt to shield myself, and certainly I will not shield those who are responsible for this condition."

VISITED STATE CAPITAL.

Five automobiles carried a jolly bunch from McKinney and Stanford to Frankfort Sunday. Lunch was had on the grounds of the new capitol after which the return trip was made. In the party were Mr. and Mrs. Ed Tanner, Mr. and Mrs. S. M. Owens, Mr. and Mrs. C. C. Singleton and son, Mr. and Mrs. J. W. Cocking, Mr. and Mrs. J. L. Tanner, J. L. McKee, D. S. Riffe and James Russell, W. H. Warren, of Cincinnati and Miss Ruth Tanner, Mr. and Mrs. G. H. Masters and Miss Mabel Masters, and Mrs. Leila Cook, of Stanford.

HELM BACK TO CAMPAIGN

Clerk George L. Willis, of the Congressional Census committee, arrived here Monday evening to assist Congressman Harvey Helm in his campaign for re-nomination. Mr. Helm came home from Washington Saturday evening and went to Anderson county Monday. Congress will not adjourn until August 20th, dispatches from Washington say, but the House is doing little now and Helm will probably remain in Kentucky till after the primary on Aug. 5th. Harvey Wilkinson, his capable secretary, returned here with the congressman.

SCHOOL PER CAPITA \$5.10.

The school per capita in Kentucky this year was fixed Saturday at \$5.10 by Superintendent of Public Instruction Gilbert. This per capita is a reduction of 15 cents per child of school age in the state from last year. The per capita is based on an estimated revenue for school purposes for the state at \$3,791,785. The average for teacher per month will be about \$46.25. The school census for 1916 shows a gain of 2,410 children of school age over the census of 1915. According to the census report compiled by the Department of Education there are 743,487 children in Kentucky between the ages of 6 and 20, of which 667,002 are white and 76,485 are negroes. Of this number 112,841 whites are listed in the cities and 604,223 in the rural and graded districts; 23,323 negro children are listed in the cities and 51,386 in the rural and graded district.

STOCKHOLDERS TO HOLD BAG

Receiver Appointed for Kentucky
Rural Credits Association—
Fraud Is Charged.

The Kentucky Rural Credits Association, which was organized with quite a flourish at Lexington, about a year ago, went into the hands of a receiver Saturday and a host of stockholders over the state will be left with the bag to hold. Among them are quite a number of Lincoln people. A dispatch from Lexington to the Cincinnati Enquirer Monday had this to say of the concern, in which many in this section will be interested, as quite a number had planned to make large loans from the association:

The Kentucky Rural Credit Association was incorporated under the laws of Delaware, but the names of the incorporators do not appear to be available at Lexington.

The association was authorized to have a capital stock of \$1,000,000 and its business was to make long-term notes on farm lands, secured by a mortgage, the amount of a loan in no instance to be greater than 50 per cent of the value of the land mortgaged. It was part of the plan to issue bonds for the mortgages taken, the bonds being secured by the mortgages and 10 per cent additional put up by the association. The bonds then were sold by investors.

The loans made were for 20 years on a 5 per cent interest basis, with stipulated sums payable each year of the 20 years, steadily reducing the principal and at the same time paying the interest.

The plan has generally been regarded by financiers who have looked into it as feasible and a good one if properly administered, but it is alleged by President McDowell and others of the Board of Directors that from the very beginning there appeared to be a disposition to operate for the benefit of the promoters and not the stockholders, the vast majority of whom were farmers, it being stipulated in the agreements and plans of the association that no person other than a land owner could procure a loan. A Board of Directors of prominent farmers in the several sections of the state was announced and in due time the election of the then Governor, James B. McCreary, at a salary of \$5,000 per annum was announced, while Joseph C. Van Meter was named Secretary at a salary of \$2,400. James L. Watkins, of Lexington, was secured for Treasurer at \$2,400 per year. A bookkeeper was employed at \$1,200 per year and several stenographers were put to work in offices, the furniture and fixtures for which cost \$2,200.

There are letters in the files in the offices now which set up the claim that VanLanningham's force of stock salesmen represented to the farmers buying the stock in the association that they could secure a loan after making the second payment of the four payments required up on each share sold. Theis, the present officers claim, was a direct misrepresentation, and that it was in no way authorized. President McDowell, however, charges laxity on the part of his predecessor and his associates in the matter of meeting these claims. Instead of making it clear to the farmer stockholder that it was a misrepresentation they are said to have adopted a policy of conciliation, which McDowell asserts was equivalent to merely prolonging a certain day of reckoning.

Claude Mercer, of Hardinsburg, who is one of the Directors and a leading attorney in his section of the state, states unreservedly that "a great fraud has been committed somewhere," and he believes some of the money can be recovered.

The present Directors as shown upon the books of the association are: James B. McCreary, Richmond; J. L. Watkins, Lexington; Claude Mercer, Hardinsburg; R. A. McDowell, Louisville; P. M. Witt, Newport; J. L. Zarring, Shelbyville; T. C. Rankin, Lancaster; C. J. Ebbick, La Grange; J. Forrest Butts, Carrollton; William H. Giltner, Eminence and John C. Van Meter, Lexington.

CUPID'S DOINGS.

LIGHTNING PLAYS HAVOC

Phone Pole on Depot Street Torn to
Shreds and Dr. Brown's House
Lost Chimney—Heavy Rain

Lightning struck in and all around Stanford, in a terrific electrical storm which swept this section Monday afternoon. A miniature cloud-burst poured down upon the community for an hour or so and drenched everything, but was mighty good for corn and other growing crops, though not so good on hay, which was on the ground.

A bolt of lightning struck a telephone pole across the alley from Will Hocker's store on Depot street, and split it absolutely into splinters. It cut the pole off almost flush with the ground, and the use of a pocket knife or hatchet would hardly have made better kindling out of the pole.

The residence of Dr. E. J. Brown, on Hicaton was struck, a chimney being torn down, but the damage was not serious. A barn on the farm of Shell Reid in the Highland section, was split in two by a lightning bolt, part of the top being torn off. A number of phone wires were affected by the electric storm and connections have not all yet been repaired.

The high wind which prevailed for a short space of time, played havoc with large shade trees, many being uprooted and a great number being denuded of limbs.

E. P. OWSLEY'S HEAVY LOSS.

E. P. Owsley, of Columbus, Ga., formerly of Stanford, was a very heavy loser in the terrific hurricane which swept over the southern states about a week ago. Mr. Owsley had his large cotton plantation upon which he had spent about \$10,000 for fertilization a short time ago, inundated, and this with other losses and damages to his crops, entailed a loss of close to \$50,000.

LOCAL MAN GETS PATENT.

J. T. Livingston Invents Auto Fender to Save Lives.

John T. Livingston, a well known farmer of Lincoln county, has just received notification that he has been granted a patent upon an automobile fender, which, it is believed, will be the means of saving many lives. The technical description of the new device which Mr. Livingston has had patented, is as follows:

"The device consists of a cushioned fender directly in front of the wheels, supported by a guard rail or bumper bar and is so arranged that when a person is struck, the guard rail or bumper bar yields rearwardly to a certain extent and the fender is automatically dropped absolutely preventing the person from being run over. The cushioned part lessening the shock and prevents serious injury. It is attached to the axle and can be used on any automobile or truck, without interfering with any other part of the machine. Experiments are being conducted with various devices in some of the larger cities with a view of reducing the number of accidents. This invention will be the means of saving many lives when it is put into use."

W. J. MONTGOMERY NO MORE.

W. J. Montgomery, one of the best known and most respected citizens of the McKinney section, died at the old hotel there Sunday afternoon about two o'clock, after a lengthy illness. Mr. Montgomery formerly lived in the Arabia section where he farmed for a number of years. He was highly esteemed and regarded by everyone, and was an upright, Christian gentleman in all the world implies. He was about 65 years of age and is survived by his wife and several grown children. Funeral services were conducted by J. C. McClary, of Stanford Monday afternoon, after which the Masonic lodge of McKinney, of which the deceased was an honored member, took charge of the remains and conducted the beautiful burial rites of that great order.

TOM WILDER'S WIFE DEAD.

Their many friends here regretted to learn of the death of Mrs. Tom Wilder at their home in Boyle county, Mr. Wilder being a valuable assistant to M. B. Eubanks. The deceased was a good woman in every way and beloved by a wide circle of friends. Mr. Wilder has the sympathy of many friends in his bereavement.

GIRL KILLED IN RUNAWAY

Daughters of Lee Palmer, Garrard
Farmer, in Horrible Accident—
Late News from Garrard.

Lancaster, July 18.
Miss Nancy Palmer was killed almost instantly Saturday when she and her sister, Miss Ellen Palmer, were driving down a very steep hill beyond Back Creek in the Hackley section of Garrard county. It is supposed the harness broke, and the horse becoming frightened, plunged down the steep decline and running the buggy against a tree, the girl's head is supposed to have struck the trunk from which she suffered a fractured skull and broken neck. Miss Ellen Palmer sustained a severe cut above the eye, and is painfully though not seriously hurt.

They are the daughters of Lee Palmer, a prominent farmer of that section, the deceased girl having reached her 19th year, and the younger one being about 17 years of age. The Misses Palmer are nieces of Mrs. Emma Higginbotham of this city. The rough, rocky hill is considered one of the most dangerous stretches of high-way in this section, there having been four serious accidents in that locality within the past few years; Mr. John Logan had his team sometime ago to run away with him, the horses being killed, though he was not dangerously hurt; an estimable negro woman was also badly injured by being thrown from a buggy, she sustaining a double fracture of the leg, one of the bones being driven into the ground by the fall, and she is still using a crutch, though the accident occurred sometime ago.

Mrs. Beazley and Daughter Hurt.

While Mrs. James A. Beazley and oldest daughter, Miss Mildred, were driving in their cart Sunday afternoon, the harness gave way, and the pony broke into a run, Mrs. Beazley being thrown from the vehicle, and knocked senseless for a time, she suffering a sprained ankle and severe cuts and bruises. Miss Mildred was also painfully bruised and sustained a sprained arm. The accident occurred in front of Mr. Alec Walker's residence on Lexington street, and the many friends of the Beazley family are congratulating them that their injuries were comparatively slight.

Mrs. Pattie Gill Dead.

The sad information was received here Saturday morning of the death of Mrs. Pattie D. Gill at the home of her daughter, Mrs. E. C. Barnard, in Washington, D. C., on Friday night at 10 o'clock. Mrs. Gill had been in Washington for several months, and had expressed her intention to return to her home here this summer, but her health had been such that it was not considered advisable for her to make the trip. She had been a sufferer from heart disease for sometime, with other complications that required a surgical operation, but her Washington doctors did not consider it safe for her to undergo the ordeal because of the cardiac affection.

Mrs. Gill would have reached her 74th milestone had she lived till the 31st day of this month. She was regarded as one of the most brilliant women intellectually that Lancaster has ever produced, and was a most fluent conversationalist, her ready repartee and sparkling witticisms being proverbial among her many friends and associates. She was the eldest daughter of Dr. B. F. Duncan and Jane L. (McKee) Duncan, and was not only prominently allied to the influential Letcher and McKee relationships of Central Kentucky, but was also a grand niece of the eminent jurist, Chief Justice George Robertson. She was the widow of the late Malcolm Gill, one of the wealthiest of Garrard planters.

She leaves one daughter, Mrs. Edward C. Barnard, of Washington, City, and a grandson to whom she was ardently devoted, Joseph Rogers of Washington, D. C.; also four sisters, Mrs. W. O. Bradley, of Frankfort, Mrs. W. S. Elkin, of Atlanta, Ga., Mrs. Richard Warren, of Stanford, and Miss Jennie Duncan, of this city; also two brothers, John M. Duncan, of this place, and William Duncan, of Louisville.

The remains reached here Sunday night, and the funeral services were held Monday afternoon at 4 o'clock at the old Duncan homestead, Mrs. Gill's girlhood home, in the northwest suburb, the Presbyterian pastor, Rev. H. S. Hudson conducting the rites, the interment following

in the Lancaster cemetery.

TWO SPLENDID JUDGES CHOSEN

To Tie Ribbons On Horse Rings at
Great K. P. Fair Here—Great
Show Assured This Year.

The services of John Dolan, of Lexington, and Sam Mackin, of Lebanon, have been secured as judges at the K. of P. Fair, to be held at Stanford, August 23, 24 and 25. Mr. Dolan has served in that capacity here for several years and has given entire satisfaction. Mr. Mackin is one of the best judges of horse flesh in the State and will more than likely be just as satisfactory.

The catalogue for the big fair is now in the press and will be out shortly. The list of special premiums is a very liberal one, and the catalogue as a whole will be one of the largest and handsomest ever gotten out by a country fair in this portion of the state. It will be a fit forerunner of what now gives promise of being the best country fair ever held in this part of Kentucky. The local boosters are keeping things moving all the time. No "liver" bunch can be found anywhere than the K. P. boys who are pushing things for this year's fair. It is going to be a great, big winner and everybody is boosting for it.

Plans are now being made for a big delegation of boosters to go to Danville for the fair there, early in August. Danville is to have an old-fashioned country fair this year, and the prospects are for a most successful exhibition there. The Stanford boys will go over en masse and extend a hearty invitation to their Danville brethren to come over to Stanford's big show a little later.

Federal aid for road building will become possible under the bill which recently passed both houses of Congress. The bill provides an appropriation of \$5,000,000 for 1916, and increases \$5,000,000 for five years. Kentucky's proportionate sum for 1916 will be \$115,000, and with a similar amount from the state treasury about 800 miles of road can be constructed this year. President Wilson has not yet signed the bill, but he is reported to regard it favorably and will probably do so.

Under this new bill the appropriation increases \$5,000,000 each year, thus making better roads possible in a larger territory. Any state may affiliate with the national government in this good road work, and the government pays 50 per cent, the state and counties 25 per cent each, thus lessening the cost of the roads to county tax payers. Roads which cost over \$10,000 a mile, exclusive of bridges over 20 feet in length, will not be aided by the federal government. The state must agree to maintain the roads before the federal aid is given. The new plan will not interfere with state aid work at all.

It takes cents to make dollars. It takes sense to keep dollars. This man knew enough to put seed in the ground and it grew into a crop. Now he knows enough to put dollars in the bank and grow a fortune. He knows if he plants grain it grows; if he plants dollars they grow. But dollars don't fear weather conditions.

FOR CONGRESS
CHARLES F. MONTGOMERY
HARVEY HELM

WHAT REPUBLICANS THINK.

George F. Johnson of the Endicott, Johnson & Co., big leather and shoe manufacturers of Endicott, New York, heretofore a republican, announced today through the Woodrow Wilson Independent League at Washington, he favored the re-election of President Wilson. Mr. Johnson not only believes the President should be re-elected, but he has promised to lend his individual efforts to bring this about. He has been a member of the Organization Committee of the League. His statement giving his reasons for supporting the President follows: "I am in favor of the re-election of President Wilson because he has handled the difficult problems of Government splendidly. No man could have done better under existing conditions. He has served the nation at a time when service meant much to him and to the nation. He has been shamefully attacked by politicians for political effect. He has earned, and is justly entitled, to the confidence and support of the American people. * * * The present condition of the country the work in which he has been engaged, the incomplete, and at the present time, critical condition of the work, the experience which he has had and the ability he has shown, all indicate that it is a matter of common sense and good judgment to see that he is retained to finish the work now in progress."

WILSON TO OUTRUN PARTY.

(From Philadelphia Record.) According to the New York Tribune, quoting some unnamed informant, apparently its own editor, there are going to be more independent voters this year than ever before and most of them will support Wilson in preference to Hughes. This prophet further says:

"I am willing to bet that when the votes are counted, it will be found that Mr. Wilson has run far beyond the usual party vote almost all over the country, and that he will carry some of the following States and prove that all were doubtful: Ohio, California, Wisconsin, Colorado, Nebraska, South Dakota, and perhaps, even Kansas, Massachusetts and Oregon."

The enthusiasm with which such Roosevelt papers as the Tribune and the Kansas City Star are booming Hughes is wonderful. They mention his name editorially perhaps as often as once a week.

HONOR SLAIN SOLDIER.

Harrodsburg Friday honored the memory of Corporal Davis Marksbury, of the regular army, who was killed in action against Villa's bandits at Namiquipa, Mexico, last May. Funeral services were conducted at the Christian church by the Rev. R. M. Sampson, and the crowd which attended the funeral was the largest ever seen at a funeral in Mercer county. Nearly all the business buildings, the court house and city hall flew flags at half mast, and a long funeral procession was headed by Boy Scouts.

THE CAMPBELL HOUSE ranks among the first of hotels in this section of the country. Mr. G. L. Reed, hotel inspector, says the Phoenix Hotel and the Campbell House are two hotels that no fault can be found with. Mr. Reed said while here that no fault however small had been found in its management during the eleven years it had been run, and in the future it will be run in the same way. Every hotel would be proud to and very few are able to say this. 56-1

LATEST WAR NEWS.

Two continued successes of the Allies on both the Eastern and Western fronts are causing great enthusiasm in England. In the Somme region the Allies have captured 11,000 prisoners since July 1. The war is now costing Great Britain \$30,000,000 daily.

The Russian commander, Gen. Kuropatkin, has launched an offensive against Field Marshal von Hindenburg on the Dvina River, and von Linsingen's army south of Lutsck has been compelled to retire behind the Lipa River. The Russians captured 13,000 prisoners Sunday.

A MONEY-SAVING OPPORTUNITY!

Graves, Cox & Co.'s
July Clearance Sale

This Is The Season's Greatest Merchandizing Event

You well know the scarcity of merchandise in all lines, prices advancing on woollens, cloth, leather, scarcity of dye, etc. It has been the policy of the Graves-Cox store to begin each season with new merchandise, not to carry over goods from one season to another. This motto still holds good and the larger portion of the articles listed here cannot be purchased wholesale at the prices we are making to you. This country has never seen good merchandise advancing in price so rapidly, this sale is a sale of Quality Merchandise only.

GOOD CLOTHING AT REAL SAVINGS

Suits, Light-Weight Overcoats and Raincoats All Included

This season when good woollens are scarce and the cost high—Kelsington and Graco clothing values show better than ever in comparison. The same good clothing you have always purchased here. Buying during this sale is like coming in and picking out a suit at the beginning of the season and getting so much money handed back.

The styles are so desirable, the quality so good, and the assortment so satisfactory you'll have no trouble finding what you want. Styles for the young man; styles for the man of mature years. New checks, stripes, plaids or rich mixtures. Many quarter-lined with silk sleeve lining. Every wool suit in the house, finest blue flannels and serges included.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STOPIEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.
